SUMMARY

Council of Ministers:

Act No. 50/99

Revokes the Legislative Diploma no. 6/73, of the $16^{\rm th}$ of January.

Act No. 51/99

Revokes the Regulation relating to Recreational and Sports Fishing and its respective annexures.

••••••

COUNCIL OF MINISTERS

Act number 50/99 of the 31st of August

The Legislative Diploma no. 6/73, of the 16th of January, was revoked with a provisional character with the main objective of (illegible word but may be: legitimate) the prices and to legitimise the intervention of the State in the establishment of the sales prices of goods be they produced nationally be they produced in a foreign country.

Its application being considered inadequate in the actual transitory developmental of the national economy, where the state should increasingly play the role of regulator and facilitator, Legislative Enactment no. 6/73, of the 16th of January, practically remained disjointed. Therefore in terms of the sub-article e) of article number 1 of the Constitution of the Republic, the Council of Minister Decrees that:

Article 1. The Legislative Enactment no. 6/73 of 16 January is hereby revoked.

Article 2. The present Act comes into force with immediate effect.

Approved by the Council of Ministers. It is published The Prime Minister: Pascoal Manuel Macumbi. Act no. 51/99 Of 31 August

The Act regarding fishing was approved in 1990 – Act no. 3/90 of the 26th of September – which legally defines board which governs, in general, the activity of fishery administration and of the activities of the economic agents, conferring regulatory powers on the Government aimed at ensuring the execution of its objectives which constitute a basis for the revision of the legislation concerning fisheries within the Country.

In these terms in accordance with the provisions in subarticle e) of sub-article 1 of article 153 of the Constitution of the Republic, in conjunction with articles 14 and 69 of Act no. 3/90 of 26 of September, the Council of Ministers decrees that:

Article 1. The Regulation of Recreational and Sports Fishing and its respective annexures, which forms an integral part of the present Act.

Article 2. The Regulation concerning the Practical fishing by Amateurs (Sports Fishing) approved of by Act no. 518/73 of 12 October, as well as the provisions referring to sports fishing contained in the Legislative Enactment no. 1977, of 10 May of 1960 – Fishing in the Waters of the Interior and Fish Breeding – as well the legal provisions contained in other legislative enactments which may be contrary to the Regulation so provide.

Article 3. The present Act will come into force on the 1st of January of 2000. Approved by the Council of Ministers. It is published The Prime Minister: *Pascoal Manuel Macumbi.*

REGULATION OF RECREATIONAL AND SPORTS FISHING

CHAPTER 1 General Provisions

Article 1 (Definitions)

1. The expressions utilised in the present Regulation has the meanings defined in Act no. 3/90 of 26 September – The Law on Fishing – and in Act no. 16/96, of 28 May - (illegible phrase) For purposes of the present Regulation the (illegible) expressions which follow mean:

a) *Found*: all floating or stranded within the jurisdictional waters of Mozambique, found or cast by the sea, coming from a shipwreck or from a vessel;

b) *Apnoea:* the temporary cessation or pausing of respiration;

c) *Recreational vessel:* all that is aimed exclusively at leisure, nautical sports or recreational fishing and sporting irrespective of the mode of propulsion;

d) Vessel for Local Traffic: all vessels that are utilised for the transportation of passengers or cargo within a port or within a river that is situated within 20 miles of a port base;

e) *Sports Fishing:* the activity of fishing exercised that is not exercised for the purposes of profit by amateur anglers in accordance with international regulations and specific regulations relating to sports fishing competitions;

f) *Recreational Fishing:* the activity of fishing exercised that is not exercised for the purposes of profit by amateur anglers outside sports fishing competitions;

g) *Surface Fishing:* fishing effected from the margin or from a vessel;

h) *Underwater Fishing:* fishing performed by persons floating or submersed in water while holding their breath or that are endowed with artificial means of respiration, with or without the assistance of a vessel;

i) *Amateur Angler:* he who exercises the activity of fishing that is not for the purpose of profit and that is intended for recreational, pastime, tourism or sports purposes;

j) *Fishing Net:* the art of fishing comprising of a single piece of cloth of net which is thrown by hand;

k) *Artificial Respiration:* respiration performed by means of the assistance of artificial means, in a closed or open circuit, when floating or submersed in the water;

I) *Fishing Trophy:* the kinds (species) enumerated in annexure IV of the present Regulation;

m) *Tube for respiration on the surface*: an individual instrument used for respiration whilst floating on the water;

n) *Fishing Cane or Rod:* an instrument for fishing, with or without the assistance of a carriage for the recovery of the fishing line, aimed at the capture of fishing resources with the art of the fish hook.

ARTICLE 2 (Objective)

The present Regulation has as its main purpose the regulation (illegible but may be positions) of Act no. 3/90 of the 26th of September - The Law of Fishing Relating to the practice of recreational and sports angling within the jurisdictional waters of the Republic of Mozambique.

ARTICLE 3

(Ambit of Application)

The present Regulation shall be applied to all persons, singularly and collectively, nationals and foreign, who

practice recreational and sports angling within the jurisdictional waters of the Republic of Mozambique.

ARTICLE 4 (Management and Regulation of Activities)

1. It shall be the responsibility of the Minister of Agriculture and Fishing to promote the (illegible but may be preparation) of the regulation of recreational and sports fishing activity which shall contain:

a) (It appears as if the whole of sub-paragraph "a" is missing)

- b) The objectives to be achieved by the regulation;
- c) The details of the management policies to be adopted in relation to the activity;
- d) Any other management dispositions which may become necessary for the practice of recreational and sports fishing on sustainable terms.

2. For reasons of the conservation of resources, the Minister of Agriculture and Fisheries may establish, following the proposal of the National Directorate For Fishing, the number of recreational and sports fishing licences to be issued annually.

3. For the purposes of ensuring the measures of regulation of the activities, the Minister of Agriculture and Fishing may consult with the Commission of Administration of Fisheries established in terms of Act no. 16/96 of the 28th of May – Regulation of Marine Fishing – apart from other entities that may be considered convenient.

4. The studies that served as a basis of the measures of management of resources, objective of recreational and sports fishing, shall be placed at the disposal of the Commission referred to in sub-paragraph three of the present article.

CHAPTER II

Types of fishing, arts of fishing and vessels

ARTICLE 5 (Types of fishing)

1. The following types of fishing may, within the ambit of the recreational and sports fishing, in accordance with the terms of this Regulation;

a) Surface fishing;

b) Underwater fishing.

2. Underwater fishing through the use of instruments of artificial respiration, except with the use of a respiration tube on the surface.

ARTICLE 6

(Arts of fishing on the surface)

1. Angling on the surface can only be practiced exclusively with the art of using a fish hook, with or without the use of a fishing rod, with or without a carriage.

2. The number of rods utilised whilst surface fishing may not exceed three in number.

3. The amateur anglers may utilise fishing catch net only for the purposes of the capture of live bait that is to be used for the in recreational or sports fishing.

ARTICLE 7 (Arts of underwater fishing)

1. Knives, spears or weapons are permitted to be used in the practice of underwater fishing, provided that the last mentioned has as its force of propulsion the elastic or compressed air and may only have as their projectile a spindle or spear with one or more points.

The use of weapons which have as their force of propulsion a detonator of whichever chemical substance.
The use of explosive points on the spear of the propulsion weapons shall not be permitted.

4. The carriage of loaded weapons or weapons which are in a state ready to b e fired outside the water even if they are on safety.

ARTICLE 8

(Security)

1. Whilst practicing fishing on the surface, the amateur anglers shall maintain them, unless by mutual agreement or for reasons of safety, the distance of;

(I presume that there are distances in meters or kilometres or some other metric form, but which were omitted when this document was photocopied)

When disembarking from a vessel, these should manoeuvre according to the International Rules for the Avoidance of Collisions at Sea (RIEAM).

(Illegible) the underwater fishing, the anglers shall maintain between them, (illegible) by mutual agreement or for reasons of safety a (illegible but can be minimum/maximum) of 20 meters.

ARTICLE 9

(Other arts and methods of fishing that are prohibited)

1. The existence on board or under the control of the amateur anglers, arms or instruments of capture not envisaged in the (illegible but may be present) Regulation, shall be considered a contravention and punishable (illegible but could be: in) accordance with the present Regulation.

2. The transport or use or attempted use of explosive materials or toxic substances as well as instruments for fishing by way of electrocution is prohibited.

ARTICLE 10 (Vessels)

1. The use of recreational vessels, vessels for traffic or handmade vessels for recreational fishing with a vessel is permitted.

2. Only vessels for recreational purposes may be used for sports fishing.

3. The vessels referred to in sub-paragraphs 1 and 2 of the present article, (illegible) utilised for purposes of recreational or sports fishing, shall be equipped with (illegible) vessels for fishing, for purposes of inspection and for the (words missing but may be: Regulation) of the present Regulation and for (words missing) fishing action.

4. The inspection of the safety of the vessels (words missing but may be: used) in recreational and sports fishing shall be responsibility of the maritime authority.

5. The provisions of the preceding paragraphs shall be applicable to (words missing but may be: foreign) vessels.

CHAPTER III

((Missing Word but presumably: Areas) and periods of recreational and sports fishing)

ARTICLE 11 (Areas)

1. The practice of recreational and sports fishing within the jurisdictional waters of the Republic of Mozambique shall be permitted, (words missing that may change the meaning of this sentence) in the quay for the manoeuvring activity of vessels and (word missing but presumably areas) where such shall be prohibited by legislation proper.

2. (Words missing) Amateur anglers may neither practice surface fishing or underwater fishing within an area that has been indicated as such for use of bathers nor (words missing)in a (words missing) of 100 meters of bathers.

3. The Minister of Agriculture and Fishing may establish, for (missing words) by ministerial (missing words)... having heard the Commission of Administration and Fisheries, other areas that are restricted for recreational and sports fishing for the purposes of (missing words but presumably) conservation of resources, scientific investigation or public (illegible).

ARTICLE 12 (Periods)

Surface fishing may be practiced by day or by night. Underwater fishing may only be practiced from sunrise to sunset.

The Minister of Agriculture and Fishing may determine by way of legislative enactment, having heard the Commission for Administration of Fisheries, other periods for the practice of recreational and sports fishing, for reasons of conservation of resources and scientific investigative activities and other national interests.

ARTICLE IV

(Products that are derived from fishing or things that are found)

ARTICLE 13 (Nature of Capture and number of items)

 The maximum number of items of (illegible) caught items that may be brought on land by the amateur anglers is ten where those items subject to restriction do

not exceed the number determined in Annexure 1 of the present Regulation.

2. The catch of protected species is not permitted during sports fishing competitions and the number of samples of pelagic captured by anglers should not exceed ten items in number for each species, irrespective of the number of days for which the competition has been run.

3. For reasons of conservation and the management of resources, the Minister of Agriculture and Fisheries may establish, by way of legislative enactment after having heard the Commission of Administration of Fisheries other numbers of items and restrictions per boat and to establish sizes and weights of the species to be captured.

ARTICLE 14 (Protection of Species)

1. The fishing of the protected species is prohibited and is indicated in Annexure II of the present Regulation.

2. All the species which may be captured during the practice of recreational and sports fishing which are prohibited or the number of which exceeds the number indicated in Annexure I or in subparagraphs 1 and 2 of article 13 shall be immediately returned to the water.

3. The Minister of Agriculture and Fisheries may establish, by way of ministerial legislative enactment, after having heard the Commission for Administration of Fisheries and the Minister for Environmental Coordination, a list of species subject to a regime of special, total or partial protection and the specific conditions attached to that regime.

ARTICLE 15 (Fishing Trophies)

1. The capture of copies of species that are considered fishing trophies is subject to special licence.

2. The compliance of the preceding number, the Provincial Administration Services for Fisheries or, in their absence, the entities to whom such competencies have been delegated by the Minister of Agriculture and Fisheries, shall issues tokens for capture, subject to the payment of a fees defined in Annexure III of the present Regulation.

3. The species classified as fishing trophies are contained in Annexure IV, being the alteration of the competence of the Minister of Agriculture and Fisheries, after having heard the Commission of Administration and Fisheries.

ARTICLE 16 (Declaration of Captures)

1. The Minister of Agriculture and Fisheries may establish the obligation of declaring captures in relation to areas, periods or determined species, for purposes investigation and of management of resources.

2. The model of the declaration of forms of captures is contained in Annexure V of the present Regulation.

ARTICLE 17 (Destination of Captures)

1. The species captured during the practice of recreational and may not be directly or indirectly commercialised.

2. With the exception of fishing trophies, the departure to the exterior of captured species, remains subject to the provisions determined in Act no. 10/98 of the 17^{th} of March – Regulation of the Guarantee Inspection of the Products of Fishing.

3. All the captured items, resulting from a competition or outside of a competition, whose importance from a biological point of view or from its rarity justifies its preservation are prohibited from the State and shall be handed to (illegible words) Minister of Agriculture and Fisheries free of any expenses, (illegible words) possible and in the best conditions of preservation.

ARTICLE 18 (Items Found)

The items found during the practice of underwater fishing may not be removed and their locality shall be immediately communicated to the maritime authority and the legislative provisions relating to this matter shall be applicable to them.

CHAPTER V (Licensing of Fishing Activities)

1. The licensing of surface fishing from a vessel and the (word missing) underwater fishing shall be the subject of licensing and shall be subject to the payment of fees as defined in Annexure III to the present Regulation.

2. For the purpose of the identification of the participants that exercise the activities indicated in sub-paragraph 1 of the present article, the same should be holders of the licence known as "Recreational and Sports Fishing Licence", the model of which is contained in Annexure VI of the present Regulation.

3. The following types of recreational and sports fishing licences are created in conformance with the present Regulation:

- a) Monthly Licence
- b) Trimester Licence
- c) Annual Licence

ARTICLE 20 (Destination of the taxes)

The amounts resulting from the imposition of the taxes of the licensing of the recreational and sports fishing shall be handed in at the Land Revenue Office of the Department of Finance of the respective fiscal area in terms of the Guidebook Model B, on or before the 10th day of the month following its collection.

ARTICLE 21 (Change in Taxes)

The taxes referred to in paragraph number 1 of the present article may be changed by way of a joint dispatch of the Ministers of Agriculture and Fisheries and that of Planning and Finance.

ARTICLE 22 (Application and renewal of fishing licences)

1. The applications for the acquisition or renewal of the licence for fishing shall be accompanied by the following documents or authenticated copies thereof:

- Application of the licence for fishing in accordance with the model in (the rest of the sentence is missing);
- b) Identification document or (rest of the word illegible)
- c) Previous fishing licence, when a renewal is being dealt with.

2. The application for a licence for fishing referred to in the preceding paragraph shall be made to the Provincial Administration and Fishing Services for decision or, in its absence, the entities to whom such a competence has been delegated by the Minister of Agricultures and Fisheries.

3. The concession of a licence to minors younger than 18 years of age shall only be made when the application is accompanied by authorisation from the parents or tutors whose signature has been authenticated by a notary.

4. In the event of the misplacement or destruction of the licence for fishing, a second licence for fishing may be issued a second time following the application by the interested party and upon payment of the fees prescribed in Annexure III.

5. The Minister of Agriculture and Fisheries may delegate within other entities, the competence for purposes of issuing licences for recreational and sports fishing.

ARTICLE 23

(Quotas for licences for fishing)

1. With a view to guaranteeing the acquisition of licences for fishing (word missing) ... (the) competent authorities shall concede to the nautical clubs and national sporting associations and to tourism operators, quotas of licences for fishing.

2. The quotas referred to in the preceding number permit that the holding entities obtain licences for fishing in favour of the participants to whom they relate.

3. The entities who are beneficiaries of the quotas are subject to the payment of the same fees applicable to the situations referred to in article 19 of this Regulation.

ARTICLE 24 (Validity)

The licences issued of recreational and sports fishing in accordance with the present Regulation are valid for the

period defined therein, which period may not exceed one year and which period expires on the 31st of March of each year.

ARTICLE 25 (Non-transferability)

The licences for recreational and sports fishing issued in terms of the present Regulation are non-transferable.

ARTICLE 26

(Refusal, revocation or suspension)

1. The entities that are competent to concede and renew licences of recreational and sports fishing are competent to refuse the respective applications as well as revoke or suspend the licences for recreational and sports fishing.

2. The applications for renewal of an application for recreational and sports fishing shall be refused in the event of the applicant having had his licence revoked or suspended as a result of a recurrence of infractions (word missing) to the present Regulation.

3. The application for the concession of quotas for annual licences for fishing for the nautical and national sporting associations and to the tourism operators shall be refused as a result of the non-compliance of the express obligations contained in article 27 of the present Regulation.

4. An appeal against the refusal of the concession or renewal of the licence for recreational and sports fishing shall lie to the higher hierarchical entity than that which refused the application.

CHAPTER VI (Fishing Competitions)

ARTICLE 27 (Competitions for fishing)

1. Only the competitions organised by clubs or national sporting associations shall be permitted.

2. The participation of foreign clubs and sporting associations in the organisation of competitions for recreational and sports fishing (missing words) associated with similar national entities.

3. The organisation of fishing competitions shall be communicated by the organising entity to the Provincial Administrative and Fishery Services, or in its absence, the entities to whom such a competence has been delegated by the Minister of Agriculture and Fisheries, with a prior period (missing words) of not less than thirty days, by way of the completion of the formulation which is contained in Annexure VIII, accompanied by the respective rules of the fishing competitions.

4. The fishing competition may be prohibited if there exists (words missing) that may justify, be it due to questions of a conservation nature (words missing) of resources, of sanitation or public security.

5. The entity organising the competition should (words missing) to the maritime authority of the area of jurisdiction a copy of the communication mentioned in

sub-paragraph 3 of the present article, (missing word) duly registered as received by the competent entity.

CHAPTER VII (Duties)

ARTICLE 28 (Obligations of the anglers)

1. The amateur anglers in the exercise of recreational and sports fishing have the duty to:

- a) Comply with the laws and regulations applicable to the activity of fishing and other legislation relating to the activities exercised within the jurisdictional exercised of Mozambique.
- b) Collaborate with the agents responsible for the regulation of the activities in their actions of the implementation of the rules of the present Regulation and in the protection of the environment;
- c) Collaborate with the authorities in the prevention and combat of pollution of the waters;
- d) Communicate to the competent authorities the occurrence of infractions of the present Regulation and other legislation applicable to the activity of recreational and sports fishing.

2. The anglers who, by operation of the present Regulation are subject to the making of declarations regarding their catch, shall (words missing) but may be: place) at the disposal of the Technicians of the Institute of Fishing Investigation who are duly authorised and thus identified, the product of the catch for purposes of biological demonstration.

ARTICLE 29

(Duties of the clubs, sporting associations and tourism operators)

1. The clubs, sporting associations and tourism operators (missing words) who dedicate themselves to the practice of recreational and sports fishing have same duties as the amateur anglers referred to in the preceding article of the present Regulation as well as other legislation concerning fishing through the anglers who are attached to them.

CHAPTER VIII (Regulation, Infractions and penalties)

ARTICLE 30 (Regulation)

It shall fall to the Minister of Agriculture and Fisheries, through the competent organs, to regulate the exercise of the activity of recreational and sports fishing in accordance with the legislation in force.

ARTICLE 31 (Infractions)

The following shall constitute serious infractions (contraventions) of the present Regulation:

- a) The attempt or exercise of the present Regulation;
- b) The organisation of fishing competitions without previous communication to the competent authority or organising competitions which have been prohibited;
- c) The transport, use or attempted use of explosive matter or toxic substance as well as instruments for fishing by electrocution;
- d) The utilisation or attempted utilisation of equipment for artificial respiration;
- e) The exercise of fishing in prohibited areas and during prohibited times;
- f) Escape or attempted escape after the interpellation by a competent authority;
- g) The utilisation of arts of fishing that are prohibited;
- h) The capture and possession of protected species;
- i) The capture and possession of a number of items in excess of that authorised;
- j) The capture and possession of species with sizes and weights inferior to those set;
- k) The commercialization of the products of fishing.

ARTICLE 32 (Penalties)

1. For the infractions enumerated in the article 29 of the present Regulation the fines shall be classified within the following parameters:

- (i) Paragraph a) and b) Fifty million to one hundred million meticais;
- (ii) Paragraphs c), d) e) and f) thirty million to forty million meticais;
- (iii) Paragraph g) fifteen million to twenty million meticais per item;
- (iv) Paragraph h) eight million to ten million meticais per item;
- (v) Paragraphs i), j) and k) fifty million to one hundred thousand per kilogram.

2. Independent of the fine that can be imposed:

- a) The arts of fishing and other instruments, substances and products employed in the practice of the infractions envisaged in paragraphs a), c), d) and g) of the preceding article shall be lost and forfeited to the state;
- b) (Illegible and missing words) shall be lost and forfeited to the state;

(illegible words and phrase) of the reoccurrence double the value of the amounts contained in paragraph 1 of the present article as well as the suspension for (illegible) of the maximum of six months or revocation of the licence for recreational and sports fishing, in accordance with the seriousness of the offence shall be applicable

ARTICLE 33 (Destination of Fines)

1. The values resulting from the collection of the fines imposed for the infractions of the Present Regulation shall be given to the Land Revenue Office of the Department of Finance of the fiscal area of the relevant area, under the corresponding signature of consigned receipts until the 10th day of the month following the collection.

2. The destination to be given to the receipts of the collection of fines for the contravention of the present Regulation shall be to the Ministers of Agriculture and Fisheries and of Planning and Finances.

ARTICLE 34

(Changes to the values of fines)

Updating of the values of the fines referred to in paragraph 1 of the preceding article shall made by way of a dispatch from the Ministers of Agriculture and Fisheries and of Planning and Finances.

ARTICLE IX Final Dispositions

ARTICLE

1. The following comprise the annexures to following Regulation:

Annexure I – List of species subject to a restriction, relating to article 13;

Annexure II – List of protected species, relating to article 14;

Annexure III, _Fees for licensing and for trophies of fishing relating to articles 15 and 19;

Annexure IV – List of trophies of fishing, relating to article 15;

Annexure V – File for Daily Capture, referred to in article 16;

Annexure VI – Form of the recreational and fishing licence, relating to article 19;

Annexure VII – Formulation of the application for a fishing licence, referred to in article 20;

Annexure VIII – Formulation of the communication of the organisation of a competition for recreational and sports fishing, referred to article 25.

2. The Minister of Agriculture and Fisheries, under the proposal of National Directorate of Fishing, may by way of ministerial legislative enactment, change the forms which comprise of the Annexure V, VI, VII and VIII to the present Regulation
